5. SELECTION AND CLASSIFICATION PROCESS

The Evaluation Committee, appointed by the Board of the Chemistry Program at UESB, will be constituted after the registration of candidates and will be composed of two permanent faculty members of the Program and one external member.

In the selection process, the following criteria will be considered:

- (a) Compliance with the requirements demanded of the candidate, as established by Capes Ordinance No. 289, of December 28, 2018, for scholarships abroad.
- (b) Suitability of the documentation presented by the candidate;
- (c) Qualification of the candidate and the scientific-academic merit of the plan and its adherence to the theme of the UESB Institutional Internationalization Project;
- (d) Feasibility of the research/work plan within the proposed schedule;
- (e) Suitability of the host institution for the development of the proposed plan;
- (f) Analysis of the academic merit of the candidate's proposal within the scope of the Research Project knowledge area;
- (g) Analysis of the Curriculum, with an emphasis on scientific production compatible with the Program's research lines and its thematic areas of action;
- (h) Analysis of the Work Plan, evaluating its importance and the possibilities for expanding exchange and international cooperation for PGQUI;
- (i) Priority will be given to the candidate who has not yet benefited from a postdoctoral internship abroad.

6. RESULT OF SELECTION AND CLASSIFICATION

The final result will be approved by the Board of the Graduate Program in Chemistry at UESB (PGQUI) and published according to the schedule indicated below. In the final announcement of the selection process results, the names of all the candidates will be listed in descending order of classification.

The cases not covered in this Notice will be resolved by the Selection Committee.

7. APPEALS
